

Golf Car Parking

Hints & Tips for Courteous Cart Parking in The Villages

Angled
or Straight
Spaces

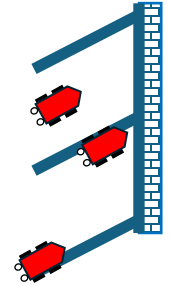

Best Practice

Do:

- Stagger carts in and out
- 1st cart can park in outer position
 - Easier for oncoming car to spot
- Only 2 carts per space
 - Unless you stay in cart
 - Unless you know drivers of other carts

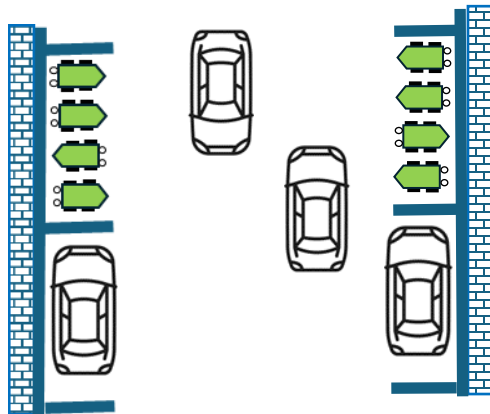

Don'ts:

- Hog an entire space with one cart
- Stagger across lines

Bad Habits

Parallel
Spaces

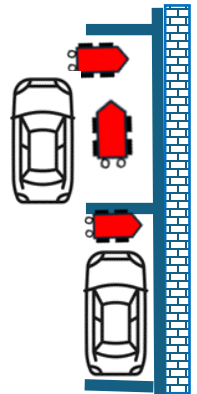

Do:

- Park cart head-in or back in (watch curb)
- Four carts can fit in one auto space

Don'ts:

- Park sideways in a parallel space
 - 4-passenger carts are the exception
- Hog the middle of a space with one cart
- Cross lines into auto parking space

NEVER:

- Never park in the striped area between two handicap-designated spaces
- Never park a 4-passenger car in a parallel space extending into the street
- Never block-in somebody's cart unless you communicate that you can move
